

SEPTEMBER QUARTER PRODUCTION

Strong start to the Financial Year from Mincor's Kambalda Nickel Mines
Production above budget with provisional estimate of 2,516 tonnes nickel-in-ore
Both Miitel and Mariners Mines performing well
Excellent safety record maintained

Australian nickel miner Mincor Resources NL (**ASX: MCR**) is pleased to report a strong start to the new financial year, with both its operating nickel mines exceeding their annualised production targets to deliver quarterly nickel-in-ore of 2,516 tonnes:

Miitel: **45,344 tonnes @ 2.78% nickel** for 1,260 tonnes nickel-in-ore and 1,117 tonnes nickel-in-concentrate

Mariners: **31,508 tonnes @ 3.99% nickel** for 1,257 tonnes nickel-in-ore and 1,119 tonnes nickel-in-concentrate

Total Company production for the Quarter was **76,851 tonnes at 3.27% nickel for 2,516 tonnes nickel-in-ore** and 2,236 tonnes nickel-in-concentrate.

Both operations performed well and quarterly cash costs, while not yet available, are expected to be in line with target.

Both operations maintained their excellent safety record.

The second new underground haulage truck was received on site and both new trucks are now in operation at Miitel. Two additional new trucks are on order and delivery is expected before the end of the calendar year.

Mincor expects to release its full quarterly report on or about 21/22 October 2014.

Mincor is a leading Australian nickel producer and an active and self-funded explorer, and is listed on the Australian Securities Exchange. Mincor operates two mines in the world class Kambalda Nickel District of Western Australia, and has been in successful production since 2001.
