

## **MINCOR ANNOUNCES EXECUTIVE CHANGES**

---

Mincor Resources NL (ASX: MCR) is pleased to announce the appointment of its long-standing Head of Corporate Development, Graham Fariss, to the role of Chief Financial Officer and Company Secretary. This follows the resignation of its current CFO and Company Secretary, Brian Lynn, to take up another opportunity in the resource sector.

Mr Fariss will take up his new role in late December 2013, following a handover period with Mr Lynn.

Mr Fariss is a civil engineer by training with a strong commercial background and an MBA from the University of Western Australia. He joined Mincor in his current position in June 2006, and before that occupied a similar position in Mincor's successful sister company, Tethyan Copper Company Ltd. Much of his earlier career was spent with Clough Engineering Ltd.

Mincor's Managing Director, David Moore, said Mr Lynn had rendered outstanding service to Mincor over his 13-year tenure with the Company since joining in 2001.

"Brian has decided to take up a new opportunity in the resource sector and we take this opportunity to thank him for his enormous contribution to Mincor over a long period of time and to wish him all the very best for the future," he said.

"Graham has been an integral part of our team for over seven years, and before that headed up our corporate development team at Tethyan Copper Company. He is an experienced and highly capable corporate and finance executive, and we look forward to his continued contribution to the Company in his new role," Mr Moore added.

Mincor is a leading Australian nickel producer and an active exploration company, and is listed on the Australian Securities Exchange. Mincor operates two mining centres in the world class Kambalda Nickel District of Western Australia, and has been in successful production since 2001.
